

Wild Flower foray

Set off on a flower hunt and find as many colours as you can. **Put a circle round each colour as you find it.**

Keep a petal count

Action
Send us a picture of this page to show us what you've done.

How many petals are there on the flowers you find?
Count the petals on each flower on this chart and discover which number has the most petal power.

Number of petals	Number of flowers
2	
3	
4	
5	
6 or more

If you enjoyed finding nature's colours, why not **add some colour** to this page?

My best draw

Pick your best **reds, blues, greens, yellows and others**.
Make them lifelike or as jazzy as you want.

Draw another of your **favourite flowers** here.
Why not add a **bee** or a **butterfly**?
